ACLS – EP provides a stimulus for expert clinicians and practitioners to identify areas in resuscitation that deal with special circumstances. Through instruction and active participation in case-based scenarios, learners enhance their skills in the differential diagnosis and treatment of pre-arrest, arrest and postarrest patients.

Required Text: All participants are REQUIRED to have the 2013 American Heart Association ACLS- Experienced Provider Manual (item no. [90-1075](#)). If at all possible, candidates should also bring the 2010 Guidelines Handbook or standard ACLS Provider Manual to the class.
