Carey Harveycutter
Kris Shrader

Staff Present

Cathy Cockrell
Chris Christensen

Guests Present

TO ORDER

On behalf of President Jefferson, the Executive Director called this special called meeting of the Executive Committee to order at 2:00 PM.

The only item of business was discussion of certain elements of the Awards Video that depicted some EMS providers and a board and staff member presenting and receiving an award in a large group without face masks.

It was the consensus of the Committee that the lack of face masks would not reflect well on the Council. After discussion, it was decided to revise the video and re-shoot the two identified scenes prior to publication. All members of the Executive Committee were present and agreed to the change.

Being no further business, the meeting was adjourned at 1:50 PM.

/s Robert Logan, Executive Director
